*North Lake College, created as a part of the Dallas County Community College District (DCCCD) in 1977, is a two-year public community college located in Irving, Texas. In addition to the Central Campus, three community campuses provide access to diverse communities in the service delivery area. The college utilizes an **open-door admission policy** which anticipates and responds to the **educational, training, and employment needs** of the community. The college prepares people for **successful living and responsible citizenship** through quality educational programs.*

*We invite **dynamic partnerships** with all our constituencies: students, community, business and industry, public schools, and government; we **celebrate a supportive environment** in all aspects of the college experience. We are committed to **providing equal access and quality learning experiences** to a **diverse student population** in an environment characterized by **excellence in service and responsible use of resources**.*
